NISTE MOURNS DR. FREEMAN, '76, FAMOUS ENGINEER

A CORPORATION MEMBER

Mr. John Hipley Freeman, '76, internationally recognized authority on hydraulic engineering, died last Thursday night from heart disease in his home in Providence, R. I.

In his honor the three flags flying above Technology engineering have been lowered to half mast since Friday.

Born in West Bridgewater, Mass., July 22, 1876, Dr. Freeman was graduated from Technology in 1898. Soon afterward he was employed by the Foot-Key Company in Easton, Massachusetts, where he rose to the position of chief engineer.

In 1903 he became a member of the board of directors of the Foot-Key board, later being elected to the officer position of president. In 1910 he was elected to the executive board of the Foot-Key Company. He was a member of the American Society of Mechanical Engineers and the American Society of Civil Engineers.

The entire annual subscription of $1000 to the Foot-Key Company was paid by Dr. Freeman during his term of office.

In 1916 he was elected president of the Foot-Key Company and remained in that position until his death.

Mr. Freeman was a frequent contributor to technical journals and was a member of the editorial board of the American Journal of Engineering.

He was a member of the American Society of Mechanical Engineers and the American Society of Civil Engineers.

The Foot-Key Company has been active in the field of mechanical engineering for over half a century. It was founded in 1852 by J. H. Foot and H. G. Key, and has been operated by successive generations of the Foot-Key family.
