—rare tobacco brands have no place in cigarettes

They are not present in Luckies... the mildest cigarette you ever smoked.

We buy the finest, the very finest tobacco from all the world—but that doesn’t explain why folks everywhere regard Lucky Strike as the mildest cigarette. The fact is, we overlook the truth that “Nature in the Raw is Seldom Mild”—so these fine tobaccos, after proper aging and mellowing, are then given the benefit of that Lucky Strike purifying process, described by the words—“It’s toasted”. That’s why folks in every city, town and hamlet say that Luckies are such mild cigarettes.

“It’s toasted”

That package is being smoked as you read this.
