LIBERAL CLUB HOLDS OPEN MEETING TODAY

Although the Liberal Club was

intended to the student body last week through its informal straw vote, it will hold its first organizational meeting this afternoon, at four o'clock in room 6-21 to acquire prospective members with the club's policies and programs.

As in previous years, the sponsors for the meetings will be prominent authorities on political platforms, labor disputes, and international topics, the talks will be followed by organized discussions and debates. Original research on student conditions will be conducted by means of questionnaires and the results will be published.

A Liberal Club paper has also been proposed for the purpose of giving publicity to the club's findings and reports, and to make possible a greater cooperation with similar clubs in neighboring colleges.

BRING 'EM 'BACK ALIVE

"Nature in the Raw"... as portrayed by the vicious battle between the python and the tiger... in Frank Bauck's thrilling motion picture, "Bringing Ten Back Alive." Staged from nature in the Midway jungle.

Student Directory Proofs Are Posted for Correction

The galley proofs of the student directory have appeared on the bulletin boards in the halls of the Institute for the purpose of correction by the students. Any mistakes may be notified by writing the section as they should appear, on cards provided for the purpose, and dropping them in any Institute mail box. It is essential that all men verify their names on the proofs, as much trouble can be averted if the mistakes in addresses are reduced to a minimum.

The proofs will remain on the boards for about a week, when they will be removed, corrections made, and the final volume printed. The directory will be available about the second week in November.

GYM TEAM MEETEING TONIGHT TAKING THE GYM

From page one

Hudson has improved his time on the rope climb after only three weeks of practice. Lewis, who was the last to suffer from a strained shoulder, is back working on the side horse and high bar. All except Getting and Treadwell will be seniors and will be two years more with the team.

Coach Neudorf Believes in the GYM

Saturday afternoon in the gym Coach Hans Neudorf was familiarizing several of his seniors and juniors with the equipment. His ideas on how the work may be improved. These reports are read by the Committee and then four of the eighteen men are chosen.

INFIRMARY LIST

Thomas Fitzpatrick, '38
Chester Van de Water, '33
James Abbott, '37
Oscar Rahala, '36
Charles Chanev, '36
Charles Gewertz, '36
Abeer Succeed (employee)

Gym. At the present time, the men are learning the work and routine of the office. After three weeks of this, each one will be required to write a report on their understanding of the Committee's week and give any

They are not present in Luckies... the mildest cigarette you ever smoked.

We buy the finest, the very finest cigarettes—after proper aging and mellowing, and then given the benefit of proper aging and mellowing, are such mild cigarettes.

and raw tobaccos have no place in cigarettes

They are not present in Luckies... the mildest cigarette you ever smoked.

WE buy the finest, the very finest cigarettes in all the world—but does not explain why folks everywhere regard Lucky Strike as the mildest cigarette. The fact is, we never overlook the truth that is always the Raw is Seldom Mild"—so

these fine tobaccos, after proper aging and mellowing, we then given the benefit of that Lucky Strike purifying process, described by the words—"It's toasted". That's why folks in every circuit and hamlet say that Luckies are such mild cigarettes.

"It's toasted"

That package of mild Luckies

"If a man writes a better book, prints a better article, or makes a better message than his neighbor, he is held the less in the world, the world will make a better path to the future."—RALPH WALDO EMERSON.

Does not this explain the world-widescope and approval of Lucky Strike?
