HOVER LEADS IN FIRST RETURNS OF NATION-WIDE POLL

Political Posters On Bulletin Board Will Attract Attention In Campus Lobby

POLLS ERECTED IN LOBBY

Interest in the TECH Straw Vote, which will be held today, has been high in all sections of the Institute. As of 4 o'clock yesterday, 497 students had voted, 324 of whom favored President Hoover and 173, 99, for his effigy. The returning officer, R. E. D. Wigglesworth, treasurer of Technology, also reported that several hundred extra buttons had been purchased and that no difficulties were anticipated.

The chop vote is expected to be close, and the result will be announced at 7 o'clock. In addition to the chop vote, another vote will be taken, the winners of which will be decided by a majority of the student body.

Enthusiasm Rampant As Spirited Freshman Hold Mass Meeting

Football Team Will Have New Uniforms Bought With Fresh Funds

Amid roaring cheers, yelling, hoots, whistles, and great enthusiasm, a spirited scene of freshman enthusiasm was reawakened at the mass meeting held last Wednesday afternoon in room 30-200. The end of every speech was a sign for prostration, and the cheers received were deafening.

Dr. Russell Hastings, Jr., '34, assistant treasurer, stated that 84500, which was necessary to destroy the existing facilities of the student body, will be oversubscribed. Officials are confident that the campaign will be successful because the price charged, and the manner in which the money is to be spent, are appreciated.

Several committee members who are dormitory residents were of the opinion that the students in the dormitories preferred to have the privileges they now have, reposing in the building and being close to their dormitories.

Dr. ROWE SEEKS NEW GYMNASIUM FOR TECHNOLOGY

Cites Present Athletic Facilities As Inadequate for Growing Demands of School

Describing the present athletic facilities and equipment as inadequate for the growing demands of the Institute, Dr. Allan W. Rowe, '01, secretary and treasurer of the Alumni Advisory Council, expressed the hope at the meeting of the corporation that Technology would establish the division of industrial cooperation. Under such a scheme, the students would be encouraged to take part in the various activities of the Institute.
