INSTRUMENTAL CLUB HAS EIGHT OPENINGS

Candidates for the Instrumental Club's eight openings must be recommended by their department heads. Two bassoons, two violas, a flute, and an oboe are needed.

The first concert will be held at the Presbyterian Church on November 17, shortly followed by a performance at Newtown. New members who want to join must contact the church organist. Richard H. Collins, 35, or William A. Baker, 34.

HEART ATTACK TAKES

Professor Hayward

(Continned from page one)

Professor Edward F. Miller, head of the Department of Electrical Engineering, said that the Institute faculty caused by his death will be a definite one to fill. "It is not until many years from now that we will realize the full value to the Institute but also to the nation in his contributions to the fields of teaching and research."

President Compton drew attention to the fact that all sports at the Institute are under student control, and that final jurisdiction over the conduct and administration of athletics is vested in the individual undergraduate. This system, he felt, is believed to be unique in American colleges.
