8:00 p.m. - Two Belts Pi Smoker, Faculty Dining Room, Walker Memorial.

SOPHOMORES BLANK FRESHMEN RIVALS

Page X_ _

neither pull were the freshmen able to get the phalanx-hold over on their side of the center line.
The Sophomore Football Team Too Strong

The Sophomore football team, with most of its old timers back, brushed a weaker freshman team in a one-sided game. The Sophomore, captained by Franklin F. Levering, 35, had a 12-0 lead before the freshmen, through the medium of a blocked kick, managed to cut out a safety. Before the game had ended the second year team had rolled up another touchdown and the final score stood 19-2 in favor of the Sophomores.

When the final gun sounded the second year men, sensing victory, rejoiced, but the luckless freshmen were downcast from their gloves. Time separated from their gloves. Time, however, had no influence upon their ability. The captains of the Sophomore team were familiar, the freshmen rushed into Sophomore territory, where they were mostly separated from their gloves. Time and distance, with the exception of the Sophomore, who had no gloves on his person, while the experienced Sophomore rarely was dispossessed. When the final gun sounded the second year men, sensing victory, rejoiced, but the luckless freshmen were down cast over the realization that they had failed to gain even a moral victory.

Dr. Rowe Surprised At Sincerity Of Sophomores

An interesting spectator at the games was Dr. Allan W. Rowe, '01, president of the Technology Alumni Association. When asked to comment on Field Day he said, 'I think the surprise of the afternoon was the sudden and most wholesome forms of sport. It permitted the students to know one another in a way different from that of the class room and it gives the freshmen the opportunity to work as a unit for the first time.'

Braving a barrage of eggs which threatened to knock him out of his position, Dr. Rowe continued:

"Nature in the Raw is seldom MILD"

"It's toasted"

No raw tobaccos in Luckies—which's why they're so mild

We buy the finest, the very finest tobaccos in all the world—but that does not explain why folks everywhere regard Lucky Strike as the mildest cigarette. The fact is, we never overlook the truth that "Nature in the Raw is Seldom Mild"—so these fine tobaccos, after proper aging and mellowing, are then given the benefit of that Lucky Strike purifying process, described by the words—"It's toasted". That's why folks in every city, town and hamlet say that Luckies are such mild cigarettes.

"It's toasted"

That package of mild Luckies
