Install Modern Steam Table Salad Counter
In Walker Cafeteria

ANNOUNCE FURTHER IMPROVEMENTS FOR MAIN DINING ROOM

Fresh Salads and Sandwiches Will Become As Result of Innovation

WARMER FOOD EXPECTED

ANNOUNCING that plans have been finalized for manufacturing into the Walker Cafeteria, Director of Dining Surveys Albert W. Bridges yesterday described what these innovations would be.

"Bridges is the first chapter in what will be a much more powerful and modern system of the Walker Cafeteria," said Bridges.

By the management will install a novel type of modern steam trench in the kitchen. Bridges is confident that they will be able to supply enough steam in time to service and prate warm food.

A special section of this table will be reserved for vegetable dishes, forming two distinct dinner lines. Besides being more convenient for customers and waiters, it would increase the long line of waiting time during each dinner hour.

In addition to this change, there will be introduced into the whirlpools and other department, the salad and sandwich counter. Nextyear salads will be prepared before mealtime and allowed to stand while more_Jfi not yet consumed. With this new system, they will increase the supply of fresh salads and sandwiches.

It will also be possible for the Walker cafeteria to serve a hot dish with the dinner or, under the right circumstances, a salad and sandwiches will be available.
