GLASSLOWING TO BE DEMONSTRATED TODAY

An exhibit of laboratory glassware construction, past and present, technical demonstration of glassblowing will be given by W. T. Lev-
ing of the Edge worth Glass Company this afternoon at 4:30-6:30. All interested in this work are invited to attend.

---

eight days after the start of the drill the sec-
tion of the class not only became more
ter of the class not only became more
ter of the class not only became more
ier, more wordy, and more talkative. In the
latter part of the course the students were
ied with a new vocabulary, one that is
ithout precedent. Finally, as the game neared its
close, the Byrd Field was blown up, and the
y backed away.
