All Funds Are Kept in Checking Account at Hartford Trust Company

Fifty thousand dollars belonging to Technology students, faculty members, and friends of the Institute has been placed in an escrow account at the Hartford Trust Company. According to Mr. Ford this amount is equal to the maximum deposits at his office during any one period of time. In the summer this figure drops to the deposit figure.

Of the 750 depositors making use of this escrow fund, 150 are students and the remainder are members of the staff, alumni, and friends of the Institute. By the terms of the escrow agreement the amounts deposited by the two groups are approximately proportional to the number of deposits in the two groups. It has been calculated that about 23,500 deposits have been made, and of the 750 depositors 250 are students.

All money entrusted to the Bank is kept in a sealed account at the Harvard Trust Company.

The white action centers around the need for a successful New York lawyer specializing in the field of divorce and murder case. The show has been praised as a great success. As previously mentioned, Mr. Musick's performance has been excellent; for he has spoken of his earlier career which rises to the attention of the audience. All of the action takes place in his offices, and the story of the man's work is told by his Secretary.

The story was written by the Campus Dramatics Club, and the musical numbers are sung by students. The show is designed to be entertaining and enjoyable for the audience.

**Dramashop Gives Casting Tryouts**

*Ten Nights in a Barroom* Will Be Presented April 11

Remittance of hoop-skirts, bustles, and swinging doors to the forthcoming production of *Fru Fru* in the Barroom. This play, first produced in 1902 by the Theda Bara Company, has been likened to the Barroom of Little Nell's. "Father, dear Father, come home with me now," will be recalled as one of the most stirring lines of the play.

Tryout parts for this production will be given on Monday, Wednesday, and Friday, in Bow 278, at 8 o'clock. It is ordered that those wishing to try out for parts may have a chance to study those before the actual tryouts which will be held two days later, on Wednesday, January 11.

There are places for twelve men and five women in this play. Everyone interested is asked to come to Bow 278, January 11.

**MINING SOCIETY**

There will be no meeting of the Mining Society tomorrow, as former members have been given the meet schedule. The meet will be held on the week-end of February fourth, as there will be one match week listed for five weeks in the week-end before that. To date, however, he has not received definite word, and the meet might be canceled instead.
