IT'S FUN TO BE Fooled

It's more fun to Know

Tricks are legitimate on the stage but not in business. Here's one that has been used in cigarette advertising—the illusion that blending is everything in a cigarette.

EXPLANATION: Blending is important...but it makes a lot of difference what is blended. Inferior tobaccos can be blended to cover up their humble origin. But your taste soon detects the trick.

The proper use of blending is to bring the full "round" flavor of mild tobacco to the full the pleasure that comes from a cigarette.

Dinner is a fact, well

Camels are made from finer, MORE EXPENSIVE tobaccos than any other popular brand.

Hundreds of thousands of dollars have been spent by others in the attempt to discover just how Camels are blended. The blend is important.

But all the while Camels spends millions more for choice tobaccos...to insure your enjoyment.

Light up a Camel. Relax, while the delicate blue smoke floats about you. Enjoy the full the pleasure that comes from a Camel.

Keep Camels always handy...in the air-tight, added Humidor Pack.
