CALCULATION OF THE TECH

The freshman travelled to Rhode Island in the afternoon and lost to a strong Brown five, 19-18. Thirty
men, with eight points, was the high score for the freshman.

The summaries of the games follow:

HARVARD

obo EMIRY IS TECH

show Leading Lady

(Continued from page one)

The author of the play, who holds a bachelor's degree from the University of Chicago, has been connected with Technology for

沄 years. He seems to draw

angy upon many situations and personal

ations which he has observed in his long stay here. He

desirous to have gotten his

story for the presentation, the Walker

lab Memorial gymnasium will be used.

The reduction in total sales over those

ce year will be due, in part,

nder Memorial asserts that the

show will be on a firm financial basis

Saler

Asch retracted his statement saying

ich is also planning a performance

Xhich is also planning a performance

on the night of the prom.

Edward L. Asch '34, chairman of the

ior Prom, which has been the cus-

r traditions of the Institute, is

the statement. Several

re members of the Prom committee

n has been connected with Technology for

is very interested in

good condition, for he

could be too tired to study when he

him hard enough to get into real-

acter in his long stay here. He

has observed in his long stay here. He

desirous to have gotten his

story for the presentation, the Wal-

lab Memorial gymnasium will be used.
