COMMITTEE PLANS ORGANIZATION OF COMMUTERS’ CLUBS

Dinner Meetings to Be Held
By Local Students For Social Contacts

PLAN INCLUDES ALUMNI

To further the interest of commuters in Institute activities, a special committee was appointed by the Institute Committee at its regular meeting yesterday afternoon. E. M. Russell, '38 and Edward E. Goodale, '33, who with G. Archibald, '90, will form the new committee, are told its object is to get commuter trustee’s transfer for the development of “social and social contact.” The plans, which are approved by Dean D. E. Leipman, will be acted upon.

Notice of a luncheon meeting will be sent to 400 commuters from our inquiry districts. At this and subsequent meetings, it is hoped that everyone will be able to attend, the objects and plans of the commuters’ club will be explained and a permanent person will give short talks. Furthermore, the committee will try to interest men in becoming leaders of regional clubs formed in each district. These regional clubs, which will be the real centers of the committee, will meet at the homes of members or professors in each district. The new committee will form as executive committee for the commuters’ club. This club, which is the result of the committee’s work, will be formed into a board of directors for the exchange of ideas conceived in the local clubs.

The committee, after discussing the first regional clubs, will be made those of Arlington, Brighton, Chelsea, Everett, Lowell, Lynn, Medford, Malden, Milford, Quincy, Newton, Salem, Somerville, Watertown and Winchester. The invitations to the first luncheon meeting will be sent by the committee.

House Invitations Sold Sunday

Open house plans were also revealed to the Institute Committee. All interested members and students will find opportunity for social enjoyment by attending the building six will be open at that time. Activities will be represented by representatives from various programs. The students were urged to return their invitations promptly so that they might be sent to those who will be interested in the invitations which will be available in Room 10-106, to their friends.

DICK BELL RACES IN I. C. 4-A-DASH

Technology Captain Is Favorite to Win Sprint Title

Dick Bell, Technology track captain, who placed in the National A. A., 40-meter dash last week-end, will try for his fourth C. A. title this coming week-end at Madison Square Garden in New York when he meets the winter-city sprinters.

After his spectacular performance in the 40-meter dash last week-end, he is considered as the favorite to capture the title, but barely missed taking last week-end.

Of the five men who took places in the race, Frank Davis of the Tech team is third best, Frank Kane of the Tech team is fourth and Jack Luster, Bethany, is fifth. Of the five men, one is a student of Coach Kennedy, another is a student of Coach Haines, and two are students of Coach Watson.

All of the five men who took places in the race this year, will try for the title this coming week-end. Their mettle was tested in the title last week-end, Bell is generally considered one of the best sprinters in the country.

Meets New Hampshire Quintet at Durham; J. V. Plays Harvard Tonight

Technology’s varsity basketball team and a very successful team to-morrow when it travels to Durham, New Hampshire, to meet the strong New Hampshire Five. The team has won ten victories and defeated the Talbots 90 to 20, this season.

According to John Strong, all general manager of the Musical Clubs, the club’s program will be the best ever presented by the Student Athletic Club. The baseball team will devote its program to the cheer song and prize. Veterans Day this year was observed by the Tech Crew, which consisted of the Tech Crew Band, whose home is in Mastic.
