Akrorn Disaster Claims Lives Of 4 Institute Men

On the list of the unfortunate vic-
times of the Akrorn disaster are to be
found the names of four graduates of
the four-year engineering and tech-
nical courses, and four classmen
from Maryland; Joseph H. Severns,
pointed manager of the varsity bas-
ketball team, won the New England 114-pound wrestling championship for
the Institute this year, and received
the New England championship in
that weight class for the varsity
wrestling team, won the New England 114-pound wrestling championship for
the Institute this year, and received
the New England championship in
that weight class for the varsity
wrestling team.

Dr. C. F. Hirschfeld Speaks Today
In Final Lecture Of Aldred Series

Chief of Research for Detroit
Company Takes "Straight Thinking" As Topic

Dr. C. F. Hirschfeld, chief of re-
search for the Detroit Edison Com-
pany, speaker at three o'clock today
in Room 10-286, will deliver a lecture on "Straight thinking." His subject has been announced.

DR. C. F. HIRSCHFELD
an illuminating contributor to the literature of his subject."

In his address to the assembled members of the Engineering Society of America, Dr. Hirschfeld spoke of the importance of engineering by Representative Engineering Society of America and at the same time of his work in the fields of science and education.

DR. C. F. HIRSCHFELD

"I am glad to announce that the educational committee has decided to invite Dr. Hirschfeld to speak at the meeting next week, and I am sure that many of our members will be interested in hearing him.

Dr. Hirschfeld is an educator, engineer, and author, who has written many papers on the subject of engineering. He is a great research laboratory, and
