President Compton Issues Statement
On Interest Arisen in Open House

Letters From Teachers, Pupils, Prove The Event Well
Worth While

President Compton yesterday issued the following statement in regard to the Open House at the Institute on May 6.

"The keen interest which has been shown by the students in the different schools and colleges present for the purpose of obtaining information for the benefit of the students and their friends, indicates that the Institute is going to hold Open House this year. This is the first of its kind, and the Institute is making special arrangements to accommodate the large number of visitors.

In the past, the Institute has held Open Houses during the summer months, but this year it has been decided to hold it during the day. This will enable the Institute to provide more facilities for visitors.

The Institute is planning to have a variety of exhibits and demonstrations throughout the building. Visitors will have the opportunity to see the latest developments in science and technology.

The Institute is also planning to hold a public lecture series, with lectures on a variety of topics, including the latest developments in science and technology.

The Institute is planning to have a variety of food and beverage stands, as well as a variety of entertainment options.

In conclusion, the Institute is looking forward to a successful Open House this year. Visitors are encouraged to come and see the latest developments in science and technology, and to participate in the variety of activities and events planned for the day.
