Dr. Rimmer, Noted Evangelist, Is Speaker at Good Friday Meeting

In Thre Harmony Between Science and Religion Is Question Discussed

By Dr. Harry Rimmer, noted ex-vice president of the National Audubon Society, has been invited by the Darlington Library to speak on the topic "In Thre Harmony Between Science and Religion".

Dr. Rimmer states that science and religion are not necessarily at odds with each other, and that a harmonious relationship can exist between the two disciplines.

The meeting will take place on Good Friday, April 14th, at 2:00 p.m. in the library. The public is invited to attend and participate in the discussion.
