Open House Committee Requests Student Aid

"In view of the fact that May 6, the date of our Open House, is less than two weeks away, it is the desire of the committee in charge to get everything in readiness for this affair. Its success depends on the support and cooperation of each and every student. To put this across mercifully will reflect upon the school and yourself. You may help by volunteering some of your time or services to the committees or department heads."
