Dormitory Residents Rank
Above General Average, Fra-
ternities in Scholarship

Last Year's Problems Listed
Released by Dean's Office.

The general average of all under-
graduate students was 0.12 to 0.22,
except in the case of the larger group
of June 1938 ratings, released by the
Dean's office yesterday. The 163 dor-
mitory residents were above the school average in scholarship, their
average rating over 3.82, the aver-
age of the 846 members of the major
classes from 3.65 to 3.73. The Institute is 5.14, or 0.14 below the
greatest average of the student body.

Tau Beta Pi, usually, leads the 17 underdormitory groups and or-
ganizations, with an average of 4.27.

The rating raises an increase of 0.328 over the average of the dor-
mitory last year.

The management of the T.B.P.,
although showing a decrease of 0.37,
yet holds all publications with an
average of 3.709. On the other three
groups the publications surpassed the
management for the first time.

Activity Men Rank High

Men engaged in athletic and other
devices was much higher than the
previous average of all the groups.
It was 3.42 and represented an
increase of only 0.45 over last year's
average.

The group representing the great-
est decrease in average was the vari-
ous sports clubs, which rose from
2.57 to 2.85. The T.B.P. men, on the
other hand, decreased from 4.27 to 4.06.

The group men for engaging in
dramatic, musical and other activities
were at peak as never before, and the
average increased from 3.42 to 3.65.

Men engaged in dramatic and
musical activities averaged slightly
higher than their work of the past;
but both of these groups were above
the average for the first time in their
history.

The Institute Committee, govern-
ning body of the undergraduate asso-
ciation, occupies tenth place with an
average of 3.11, an increase of 0.027 to list them from 3.083 place
which they occupied last year.

FREEMEN ELECT SECTION LEADERS NEXT THURSDAY

Only One Man From Each Section Can Be Elected.

One Alternate Will Be Chosen

Freshmen, section leaders will be
called to order Wednesday by a
statement released last evening by
William H. Stockham, head of the dor-
mitory, who called a board which
will determine who is to be elected to
delegate to the board which will govern the class of 1937.

The dormitory leaders will be
selected in the regular final roll call,
held three days before the first day of
school.

The elections will be conducted in
the regular roll call, by permission
of Prof. N. F. Hensley, instructor
except room IV. The course IV. 

Will be elected to the dormitory
board, for the session which will begin
immediately after the fall institutes.

The freshmen will meet at 8:30 in
the faculty dining room Tuesday
night.

The results of the elections will ap-
pear in Friday's issue of T.ECH.

All Must Take

Physical Exams

Before Oct. 31

Over 800 Have Been Examined

by Department of Hygiene

Appointments for physical ex-
aminations must be made before Oc-
tober 30, it was stated last evening by
Miss Brodeich of the infirmary.

All freshmen students who will be
attending a first year of graduate work
at the Institute, must have a physical
examination by the medical staff of
the infirmary.

In advance of the examination,
which must be made before October
30, it was stated last evening by
Miss Brodeich of the infirmary.

This means that students who will
be attending a first year of graduate
work at the Institute, must have a phy-
sical examination by the medical staff
of the infirmary.

Four prominent members of the
faculty of the Institute have been
granted leave of absences for all or
part of the present academic year. Presi-
dent Karl T. Compton announced
yesterday that they are Professor
Allan Fisher, chairman of the faculty
and member of the staff of the de-
partment of mathematics; Professor
Harold C. Weber, professor of the
department of mathematics; Professor
Charles H. Porter, of the department
of business and business administration; and
Professor William E. Dec, of the de-
partment of English.

Professor Weber is now in Zurich.
