A strategic point in the battle for sales

Today's intense competition calls for new and more effective merchandising methods. Several plans pioneered by Bell System men are proving helpful.

For example: the "Where to Buy It" section of the telephone book. Here local dealers are listed beneath the trade-marks of advertised products such as Plymouth, Greyhound Lines, Esso, RCA Victor. This service helps manufacturers to reduce substitution, helps dealers to increase sales, helps you to locate the brand you want.
