HOLD FRESHMAN CLASS AND PROM COMMITTEE ELECTIONS WEDNESDAY

Voting to Take Place in Rogers and Main Lobby

Preferential System of Voting is Method for Finding a Winner

VOTE COUNT EXPLAINED

Elections of all the freshman class officers and members of the Junior Prom Committee will be held tomorrow afternoon at 4 o'clock in the Main Lobby. The purpose of this election is to post nominated for the position in Rogers. The polls open at 3:30 and closing at 5:30, will remain open until the polls are counted.

Preferential System of Voting is Used

As pointed out in the Undergraduate Constitution, there will be no voting by proxy. All forms of election, from the polls and any attempt to form voting blocks is prohibited. Preferential System of Voting is used. In counting the ballots the second most preferred system is used. A list of first choices for the offices in question is made. The men with the least number of candidates are quashed, and the individual vote of each man who has voted for him given to the second choice as indicated on the ballot. If no second choice is indicated the rest of that race will have no standing in the election.

Theoretically, the method is employed until the competition is finally narrowed down to two men, and the one with the greatest number of votes is chosen, while the second is made alternate. When two men are elected to an office such as to the Institute Committee, the candidates are narrowed down to a group of three. Of these three, the one having the highest number of votes becomes one of the offices. His vote is then divided by the preferential system between the other two candidates. The one having the greatest number of votes becomes one of the offices.

At the close of voting the winner will remain the choice of all the candidates who are in the running. The final name announced is because of the fact that the nominate papers were inconclusively filled.

FIELD DAY DANCE ATTRACTS MANY

Desiring to the offerings of Society Lybry's popular orchestra, 27 couples attended the Field Day Dance given by the Junior Prom Committee at the Friday evening from 9 to 2 o'clock in the Main Hall of Walker Memorial.

A particularly appropriate innovation introduced in this particular dance. Freshmen and Sophomores mingles and freshmen, having entered the field of battle, fashioned the field of "59," and "54," thus announcing their victory and the score of the day's battle.

Nominations for Junior Prom Committee and Freshman Class Officers Listed

CLASS OF 1935 FRESHMAN COMMITTEE
