**DONATE PORTRAIT OF MACLAURIN TO VICTORIA COLLEGE**

Original Oil Portrait Now Hangs in Office of Dr. Compton

A copy of the portrait of the late Dr. Richard C. MacLaurin, president of Technology from 1909 to 1920, is to be presented by the corporation of Technology in Victoria University College, Wellington, N. Z., of which Dr. MacLaurin was one of the first four faculty members.

The original oil portrait, which now hangs in the office of President Karl T. Compton at the Institute, was painted by the distinguished artist, Frank W. Benson. The copy will be made by Leslie P. Thompson.

Dr. MacLaurin joined the staff of Victoria University College as professor of mathematics at the time of the school’s foundation in 1912, and later served as professor of law and dean of the faculty of law.

**UNITY CLUB MEET HELD IN WALKER**

Liberalism in the economic order is by no means dead, and will appear under present conditions in Germany. He believes, however, that liberalism has been suppressed.

He upheld this by showing that all improvement had been noticed this fall, but that liberalism was being started with the ultimate purpose of the government were intended in concentrations begun.

Mr. Pennel N. Aborn of the T. C. A. pointed out, regarding present conditions in Germany, that liberalism has been suppressed.

The plans of the government were also discussed at a mid-week meeting of the Unity Club in the West Lounge of Walker Memorial, where freshmen who are interested in trying out for the crack drill unit that is newly organized this year will sign up.

**IT TAKES HEALTHY NERVES TO BE A CHAMPION BRONK RIDER!**

A WATCHLESS BLEN

BAN THE CIGAR! Every second is crowded with danger for Eddie Wood, native all-Canadian cowboy champion of the famous Calgary Stampede. It sure takes healthy nerves to stay on board a fighting bronco! “Cameos are my smoke,” says Eddie Wood. “They never jangle my nerves.”

**STeady Smokers turn to Cameos**

Eddie Wood, one of the “top hands” of the cowboy world, says: “Ten seconds on the back of an outlaw horse is about the hardest punishment for a man’s nerves that anybody can imagine. To have nerves that can take it, I smoke only Cameos. I’ve tried them all, but Cameos are my smoke! They have a natural mildness, and I like their taste better. Most important of all, Cameos do not jangle my nerves, even when I light up one Cameo after another.”

If you are nervous... inclined to “fly off the handle”,.... change to Cameos. Your own nerves and taste will confirm the fact that this milder cigarette, made from costlier tobaccos, is better for steady smoking.
