From Announces Lowest Price in History of Event

Sign-ups Will Be Conducted in Second Week of February

WILL CHARGE $7.50

Junior Prom tickets will be lower this year than ever before, according to a decision made last week by the Prom Committee. The price will be $7.50, as against $12 for two years ago, and $8 last year's price. There will be a $1.50 sign-up charge, and a further tariff of $0.50 for the redinp- 
signups will be held during the two weeks prior to March 16. They will be available in the U.S. Students Union from 8 a.m. until 6 o'clock on these days. Redmptions will be accepted during the first week in March.

The orchestra for the Prom has not been selected yet, but the committee expects it to make its choice shortly. Among the candidates for the position of chair, chairman of the committee, the names of the members will be announced on February 8, or before.

The information in the committee is not the relative popularity of the various groups, but it will be given to the patrons of the Prom as a guide.

The Prom will be held on Friday, March 16, in the Weiss Auditorium of the Hotel Statler in Boston. It will last from 10:30 to 12 o'clock.

Sign-ups END SOON FOR CORP. XV TRIP

Sign-ups for the annual New York trip of the Corporation XV will close on Thursday, February 8, in the Engineering Synod Study I at 6:30 p.m. All Harvard sororities are invited.

It is hoped that enough sign-ups will be received so that the cost of the trip will be maintained at a reasonable level. At the same time, it is not expected that the number of participants will be increased. The cost of the trip, according to the committee, will be $2.50 per person.

The essential features of the trip will include visits to the Bank of America, a leading national bank, and the New York Stock Exchange, where the participants will witness their operations. They will be taken to several other New York landmarks.

By means of a unique series of photographs taken through a powerful microscope, the audience will take a look at the fiber of a single strand. They will be shown the spinning of raw materials into yarn and the production of cloth.

A walk through the locomotive of a textile mill will be conducted by a 

The advantages of the trip will在于 the following:

- Visits to several New York landmarks
- Opportunities to witness the operations of major financial institutions
- Insights into the production and distribution of textile products

LEADING BOWLER'S TO MEET TONIGHT

Committers' Bowling League Is Sponsoring a Contest

Newson and Belcher, the leaders of the Committers' Bowling League, will bowl today at 7:00 p.m. in the Tourney Bar and Cafe, housing the league. All games will be played in pairs, and each member of the pair will bowl two games.

The highest scorer will be the winner of the contest, and the prize will be announced.

VOLUME LIII OF THE TECH WILL END IN FINAL BANQUET AT PARKER HOUSE

Willes J. Abbot Heads Distinctive Staff of Editors and Features; with the Founding of the Tech News, Two New Publications will be Issued

Volume LIII of the Tech soon will be no more. One issue remains before the final issue of the year, the last before the next volume begins. The Tech News, a semi-monthly publication, will begin publication at the same time.

T. E. N. Will Hold Banquet Tonight

Many Important Guests and Special Activities Announced

Tonight the Engineering News is holding its annual banquet. Among the guests are: President Karl A. Abbot; Dr. Karl T. Compton; Dean Upham, President of the Massachusetts Institute of Technology; Mr. W. B. Robinson, Assistant Dean of Students; Dean Goodwin; Professor J. F. Morris, Professor of Mathematics; Mr. J. V. F. Hoar, Professor of Mathematics; Mr. R. H. Kilmer, Professor of Chemistry; and Professor W. F. Magoon, Professor of Chemistry.

The banquet will be held at the Boston Public Garden, and will be attended by 37 members of the Sigma Xi at the Institute (Continued on Page 4).

T. C. A. Begins New Policy in Book Exchange System

The T. C. A. is changing its book policy to give the students a chance to exchange books with other students. One of the new policies is that books cannot be exchanged on the evening of the day of the exchange. Books must be exchanged at least 24 hours before the exchange. All books must be in good condition.

The new policy will be in effect at the next exchange on Sunday, February 11, at 7:00 p.m. in the Engineering Synod Study I.

VARSITY SKATERS TOP MASS. STATE FOR YEARS

Hennes Starns for Engineers by Making Two Unassisted Goals

DALEY ALSO DOES WELL

Continuing the inspired play shown against Army the week before last, the Harvard men came through with his second straight triumph, becoming the Massachusetts State champions, after 1, 1 in a game played last Friday at 5 o'clock in the Boston Arena.

Re:Captain Johnny Henness, who has played a regular defense post all season, was the hero of the encounter, bringing in two unassisted goals in the Harvard victory, after an absence of about two years from the second period.

The return of Henness to the Harvard lineup brings back reminiscence of his two previous games, all played on the forward line.

Another prominent player last Friday was Paul Daley, first-year center, who helped Henness to the Engineers' initial goal, and later was seen in the senior goal for Bill McCormack, who had two goals.

In the Harvard goal, however, Henness was not matched by an unfortunate incident when Ambrose Moore, a forward for the Engineers, brought the ball in the Harvard net, and Henness was not in a position to prevent a goal from scoring.

However, Henness' absence now will be impossible until the 1935 season. The Harvard hockey schedule will be played with games against teams from on Saturday, February 10.

BELL'S RETURN TO ACTION IMPROVES TRACK PROSPECTS

Outlook Bright with Many Men for Strong Team This Season

FIRST MEET JANUARY 27

By OSCAR F. REILAND

With each outbreak of illness, we have been tuned in to the exciting news of the day. The 1933 team was hit hard last week, with ten men out of action. Their absence left the team with only two athletes, making it a very difficult situation to compete with teams that are fully equipped.

The first meet will be held on January 27, with only two athletes. The team will be composed of six runners, making it very difficult to compete with teams that are fully equipped.

The second meet will be held on February 10, with only three athletes. The team will be composed of eight runners, making it very difficult to compete with teams that are fully equipped.

The third meet will be held on March 10, with only two athletes. The team will be composed of four runners, making it very difficult to compete with teams that are fully equipped.

The fourth meet will be held on April 10, with only two athletes. The team will be composed of six runners, making it very difficult to compete with teams that are fully equipped.

The final meet will be held on May 10, with only two athletes. The team will be composed of eight runners, making it very difficult to compete with teams that are fully equipped.
