FINES ARTS

"M"

We had heard much about a super"art film called "M," but it took the current performance at the Fine Arts Theater to convince us that it was worth a view. Generally slow from almost penultimate point of view, but if this story had been in the "mystical" hands of Hollywood, we shudder to think of its effect.

Peter Lorre, as the child murderer who voices "Peek Gym" as he goes his gruesome way, gives a performance that ranks with the best your average second-class film fan, but, as such, cannot be condemned as a failure.

"The Tragedy of Mount Everest." As the child murderer who voices "Peek Gym" as he goes his gruesome way, gives a performance that ranks with the best your average second-class film fan, but, as such, cannot be condemned as a failure.

COLUMBIA VICTOR
IN FENCING, 16

Making a better showing than expected, the Technology fencing team lost a closely-contested match to Columbia in Walker Gym last Friday afternoon.

Federated two points in the foil while the other Engineer point in fencing was won by team. The possibility of a bigger victory was there, but the Engineers scored 8-2. The Columbia fencing team is not second in the nation. When the Engineers are in good form, they are the championship team of the East. The Engineers were led by Proctor Wetherill, who headed the Columbia team by winning the foil, sabre, and épée.

CORRECTION

It was inadvertently stated in the last issue of the TECH that Jack Carey was captain of the fencing team. We wish to correct this statement, for Proctor Wetherill is the captain this year. Darcy having been last year's leader.

— The cigarette that makes you feel better.

— The cigarette that TASTES BETTER

We believe you'll enjoy Chesterfields and we ask you to try them.

You hear a lot today about balanced diet—

... and there's something too in the way tobaccos are balanced that makes a cigarette milder and makes it taste better.

I keep coming back to that statement on the back of the Chesterfield package—
