Why—

Men and women say They Satisfy

FOR SOMETHING to “satisfy” you, means that it pleases you—that it’s what you want. This applies to cigarettes or anything. A cigarette has to taste right—not raw or too sweet. For a cigarette to “satisfy” it has to be mild—not strong, not harsh.

You can prove for yourself whether a cigarette is mild—whether a cigarette tastes better.

And it’s because smokers can prove these things about Chesterfield that so many men and women say they satisfy. Try them.
