"I am in favor of any conference designed to awaken student interest in the problem of preventing war."—Professor F. W. Sears.

"I am for an anti-war conference one hundred thousand per cent."—Professor W. Alexander Magoun.

A political science professor who was totally opposed to the Eighteenth Amendment."—Prof. Hoya.

**HORWOOD BETTER SAYS PHYSICIAN**

Professor Murray F. Horwood is doing well according to a report by Dr. O. Horwood, University Medical Center, although he is not yet out of danger. He will be in enough to return to the hospital another week, Dr. McKittrick said.

Professor Horwood underwent an operation for colitis and a blood transfusion on March 16. He is a member of the Biology Department, the University, Ohio State University has requested the Y. W. C. A. cabinet in the T. C. A. office to hold meetings on these days, students who have already signed up may make redemptions at $2.

Missouri University has finally solved the civil liberty problem. Spe- cialists are told, recently asked a member of the Biology Department, Professor Horwood, to hold the Gridiron club and office. "I am, in principle, in favor of an anti-war conference, one hundred thousand per cent."—Prof. W. Alexander Magoun.

A political science professor who was totally opposed to the Eighteenth Amendment."—Prof. Hoya.

**ABOLISH R. O. T. C. IS COLLEGE PLEA**

Pe russe University, Indiana: Do you University has requested the War Department to withdraw the R. O. T. C. unit from its curriculum at the end of the school year. In 1939 military training was placed on an op- tional basis by President G. Bromley Oxman and attendance has steadily decreased.

Ohio State University, Ohio: Ohio State University has suspended seven prefect students for their refusal to enroll in the compulsory R. O. T. C. center.

New York University, New York: A recommendation that compulsory military training be abolished and a course in physical training be offered instead beginning next fall, was submitted by the faculty here. Coordination of war-preparedness moves in schools was also voiced here by the New York Teachers Anti-War Committees.

**5' about Cigarettes**

Chesterfield

the cigarette that's MINDER

the cigarette that TASTES BETTER

- Practically untouched by human hands
- We'd like you to see Chesterfields made. We know you'd be impressed by the absolute cleanliness of our factories.
- The tobaccos are the best that money can buy.
- Expert chemists test for cleanliness and purity all materials used in any way in the manufacture of Chesterfield cigarettes.
- The factories are modern throughout. Even the air is changed every 4½ minutes. When you smoke a Chesterfield you can be sure that there isn't a purer cigarette made.

In a letter to an eminent scientist says: "Chesterfields are just as pure as the water you drink."

Inspectors examine Chesterfields as they come from the factory and throw out any imperfect cigarettes.
