Senior's Plan to Give Anniversary Gift to Institute

Seniors to Be Presented to School on 25th Anniversary of Graduation

REMEMBERING OLD CUSTOM

After a lag of four years, the class of the Class of 1924 has re-visited their college, now taking classes in forwarding a plan to give a gift to the Institute for the 25th anniversary of their graduation. The plans of the campaign, which officially started last night, were announced by Richard B. '24, president of the senior class.

By arrangement with the Mutual Benefit Life Insurance Company of Newark, N. J., each senior who wishes to contribute to this fund may make an annual payment of $10 to the class treasurer, from whom the dividends accumulated for future years will be paid, with the provision that twenty-four years will transpire before the gift is to be given to the Institute. After this period, the full value of the gift will be transferred to the Institute.

The plan depends upon the senior class meeting the requirements of the class membership. They are being asked to present $1,000 to the Institute in fifteen years, in order to make a starting contribution of $150 each, and $50 per year in the years thereafter. We hope that the junior class will continue in the plan.
