The dormitories may earn his meals by working in the Walker Memorial dining hall. A system has been inaugurated in which a student may work for 45 minutes in the hall and then have 14 minutes to eat the meal he has earned. In this way a student can very easily take care of the meal question.

The book depot, Aids Another way in which the Technology Christian Association aids the students is by its used book department. Through this a new man can find all the books required in his course at a greatly reduced price. Most of these books are in fair condition and a student may save a consider- able amount of money by using this opportunity. Incidental expenses, another item of importance to a new student, can also be taken care of by small jobs which this Association has to offer.
