FRIENDS RENEW COMMITTEE TO CLAMP DOWN ON FRISBEE

“We are going to clamp down on the frisbee,” Robert Scher of the Berkshire County Commission declared when interviewed last night, further adding that the prevalence of frisbee in obeying the rules would be the topic of discussion for the Institute Committee aided by its undercoer agents, who have promised drastic penalties for those who fail to obey the committee’s demand. “Many freshmen,” declares the Committee, are running their nightly errands and have not been in the habit of having a plentiful supply of change for use by upper classesmen.”

T. C. A. HAS RAISED OVER 1000 DOLLARS

Money Is Coming In But Drive Is Not Up To The Half Way Mark Yet

At the dinner given last Monday night at Walker Memorial in preparation for the T.C.A. drive, friends and helpers subscribed a total of $218.75. This is considerably less than last year when the total subscriptions at the dinner run up to $450.

It is regrettable that the T.C.A. and the auxiliaries necessary for their operations have not been as successful as expected. The total proceeds amount to only $245.

Members Hold Informal Debate

Recognition of the constitution of the Technology Debating Society, was made by the Institute Committee for the first time last Thursday.

Last year a group of freshmen became interested in forensics and engaged in debating. There were debates held at the institute but help was needed to engage in activity for a number of years. The constitution was adopted at the regular meeting of the Institute Committee for approval. The Institute Committee decided to wait a reasonable time of length before recognizing a club until there should be evidence that the organization will be permanent.
