A man who has been smoking Granger for a long time said this:

"A package of Granger gives me and my old pipe about 9 hours of enjoyment."

"My pipe is about average size, and smoking it leisurely as I like to do, a pipefull of Granger lasts me about 25 minutes, and that means that I get about 21 good pipefuls from every package.

"Was there ever so much enjoyment for so small a cost?"

The dance will be held, it was definitely decided, on December 8, following the Tech-Harvard basketball game.

William R. Du Pont, '35, and Edgar E. Petterson, '35, were made members of a committee whose function it would be to investigate hotel accommodations in order to put this information at the service of the visitors. Also, for the first time in the history of the organization a desk at the athletic association office was reserved for them. This will put them in closer touch with the athletic activities. In order to increase efficiency new information forms to be sent to prospective visitors were printed.
