TECHNIQUE TO INCLUDE PICTURES AND RECORDS OF GRADUATE STUDENTS

Price To Graduates Will Be Same As Cost Of Book Alone; 75 Sign-ups Needed

Graduate students at Technology will have a special section in Techni-

ques this year, similar to the senior section, but with no extra cost to the

graduates for their pictures.

The new graduate section will con- 
tain a picture and biography of each

graduate, arranged in the same man-

ner as the senior section. The Plan-

eight Bureau plans to put the natu- 

res in the file, since it finds that 

photographs are important in finding 

positions for students.

There will be no extra cost to the 

graduates for having their pictures in 

the year-book. They will pay only the 

same as Cost Of Book Alone;
