THE TECH

RIFLE TEAM FACES TOUGH SCHEDULE

Hairy Veteran Marksmen Insure A Wonderful Season
Says Manager

Despite a tough schedule, the prospects for the rifle team are wonderfu1," manager G. N. kendrew, declared last night. There are a large number of veteran riflemen back this year who have proven their mettle during many strenuous hours of competition. From these veterans include R. E. Greer, '32, R. F. Fugale, '34, P. F. Pries, '34, J. S. Riddick, '34, and L. C. Hall, captain.

The only edged Technology marksmen face a long, stiff schedule this year. In January, the squad will compete against the Beverly Rifle and Revolver Club and later in the month will shoot against the Lowell Textile Institute, both being home matches. The team will make no trip until after February when it will attend shoots held at the Naval Institute at Annapolis, at the Military Academy at West Point, and at Yale University in New Haven.

The manager also reported the purchase of new rifles, the Springfield .22 caliber guns, with the Lyman aperture sights.

The holders of the present high scores for practice shoots held at the Institute range are as follows: Prome, R. E. Greer, 51; R. A. Denton, 50; and C. T. Daboll, 47. Shooting was under the supervision of W. C. McNeil, '36.

The squad of candidates working out daily, including transfers, a sizeable turnout of the first year track men, together with all regular Springfield .22 calibre guns with the Lyman aperture sights.

The chairman for the debate was Donald G. Gleason, '37, Benjamin S. Rogers, '37, Andrew Stergion, and Ross E. Siegel, '38, and Paul A. Vogel, '37, Donald G. Gleason, '37. Benjamin S. Rogers, '37, Andrew Stergion, and Ross E. Siegel, '38, and Paul A. Vogel, '37, gave the arguments for the affirmative. Andrew Stergion, and Ross E. Siegel, '38, Donald G. Gleason, '37, Andrew Stergion, and Ross E. Siegel, '38, gave the arguments for the affirmative. Andrew Stergion, and Ross E. Siegel, '38, Donald G. Gleason, '37, Andrew Stergion, and Ross E. Siegel, '38, gave the arguments for the affirmative.

The Tech sergeant who had sought to cast less ridicule upon the marksman's abilities, by hiding in barrels. The story in this case was run right along with our correction and replaced the original statement.

Evidently the second season is determined to stay in the shooting column as long as possible. After chalking up their first counter in nearly two years last Saturday, the booters tallied again in the Army game at West Point on Wednesday. May they continue their scoring and may they also make enough goals in one contest to enable them to be on the long end of the contest.

DEBATE SOCIETY HAS REGULAR GATHERING

The Debs, Institute held its regular meeting last night in the large Institute room where one of the informers on state control of competitive manufacturing was presented by a business meeting. The Executive Committee was empowered to select the theme for next month's debate vs. the Yale University at New Haven.

TOUGH SCHEDULE

A Wonderful Season

TEAM

Office of the Dean of Student Affairs

You can slam the Dining Halls and we don't give FF's. We endeavor to give you an H rating in food and service always.

Handicap Meet to be Held Saturday

Coach Oscar Hedlund will run another hard-earned meet tomorrow afternoon at two o'clock when he gathers under his folds most of his first year track men, together with all of his cross country stars and all other men interested in track. Since these periodic handicap meets are open to all men in the Institute including track, a sizable turnout of men interested in track is usually present.

This weekend's meet is doubly interesting in that Oscar has ordered his cross country men to participate in the two mile event. In addition there will be the following events: half mile dash, mile run, 100 yard hurdles, the javelin, shot, and hammer throws. All freshmen who have substituted track for P. E. can participate in the meet and get credit for attendance.

Tyrants who use the touch system sue their left hand 17% more than their right.
