S. A. E. Will Present Pictures On Aircraft

Pratts Will Lecture While Film Is Shown in Room 5-339

Three reels of motion picture film, exploiting the various mechanical operations and technical information regarding the engines, inspection, assembly, and testing of the Wasp and Horse Aircraft, will be shown today in Room 5-330.

Mr. O. G. Pratts, instructor in the Mechanical Engineering Department, who is licensed by the Department of Commerce as an Aircraft Engineer Mechanic will present Pratts, along with the showing of the film, will give a continuous lecture, exploiting the various mechanical operations as shown on the screen. This film is the only one of its kind available and is shown as the original print. The lecture is open to all interested and is especially recommended to those of Courses II and XVI. It is sponsored by the Society of Automotive Engineers.

Just what is meant by cross-breding tobaccos...and how does it make a cigarette milder and taste better...

Well, in blending you take two or more tobaccos and mix them together—a rather simple process. But cross-breding goes a step further...

In making Chesterfields we take bright tobaccos from Carolina,

Georgian and Florida. We take Burley tobacco from Kentucky

and Tennessee, and tobacco from the north, Maryland.

Then in addition to these homegrown tobaccos we take tobacco

grown in Turkey and Greece. We believe these mild, ripe homegrown tobaccos with the right amounts and the right kinds of

attractive Turkish.
