Costello Addressed FERA On Thursday

Unemployment insurance measures were discussed at an open meeting of the Institute chapter of the Federation of Student FERA Workers on Thursday, Feb. 21, at 4:00 P.M. in room 4279 by Mr. Joseph Costello. Mr. Costello is president of the New York Local of the United Shoe and Leather Workers' Union and a delegate to the recent National Congress for Unemployment and Social Insurance.

He spoke on the Townsend Fond, the Wagner-Lewis Bill, and the Workers' Bill, which is at present under consideration before the labor committees of the House of Representatives, even. This latter measure has been endorsed by Congressmen McLearson of Massachusetts and other unemployed insurance measures.

He closed the degree of master of science in the laboratory, experimental work is under way on the determination of cotton quality by microscope observation, and electrical measurements.

T echnological Institute.

Additional Qualifications for Degree

The student who wishes to make a career in ceramics must have, in addition to the ceramic subject, a thorough knowledge of physics, chemistry, physical chemistry, combustion, fume design, x-ray and crystal structure, drying, heat measurements and texturing, and that's what I like a cigarette...

You know I like that cigarette... I like the way it tastes... there's plenty of taste there.

Chesterfield is mild, not strong... and that's another thing I like in a cigarette.

What's more, they satisfy... and that's what I like a cigarette to do.

Get a lot of pleasure out of Chesterfield... you know I like that cigarette.
