Committee For '35 Senior Week Named Yesterday

Institute Announces Results Of Elections

Three Marshalls and Twenty Committee Members Selected

Freshman Section Leaders Will Be Replaced By Council For Class of 1939

At a meeting of the Institute Council yesterday in the Commons room of Walker Memorial the Senior Tech officers were announced and some changes were voted upon.

Hal L. Benis, '35, was appointed first Marshall for class day, Henry King, '35, was appointed second Marshall and Donald C. Gutfleben, '35, was appointed third Marshall.

The committee was made chairman of the newly organized committee, G. E. C. G. Peet, '35, and H. A. H. Howell, '35, were also appointed to this committee.

The G. A. S. officers were elected as follows: C. J. A. Keane, '35, was chosen president, L. J. Carlucci, '35, was selected vice-president, A. C. G. Watson, '35, was made secretary and A. V. Doob was returned to his seat at the large table in the Committee Room.

Freshman Dance Will Be Held on April 5

Committee Will Decide Details

April 5th has been chosen as the date for the freshman dance, the com- mittee in charge announced today. The date and hour of the meeting was made a satisfactory conclusion of this meeting.

The first date chosen, February 193, was changed to April 5th due to the length of the 5th-6th, and March 15th was used instead. This time had already been chosen as the 16th-17th, and the committee had no reason to question the decision.

Tech Gymnasiums Host To Army

West Pointers Meet Beavers Tomorrow At 2:30 P. M. in Gym

Captain E. R. VanHorn and his gymnasiums will host the powerful 12-man crew from West Point this afternoon, when the Beavers meet the Army team in the Walker Gym at 2:30. So far for this year the Tech gymnasts have been outdistancing the other teams in the East, and it is expected that they will continue this winning streak.

In the past Tech gymnasts have been beaten only by the J. J. C. in the last meeting, and some of the other teams in the league. The Tech boys should keep a close watch on the other gymnasiums this afternoon.

Mr. J. H. Carroll of the Penn Hill Gymnasium, for his part, will be out to show the Techies how to win.

Techies may be counted on to give a good showing in this meet, and it is expected that they will be out to win.

For Affirmative At Teck Union

Gulf Between Science, Religion--Science Plus Religion

Tuesday Night

There is a great difference between science and religion it was declared at Wednesday evening's meeting of the Teck Union after a long and heated discus- sion. The speaker also pointed out that the difference between the two is a result of the difference between the two and that the two are in opposition to each other, but in this case the two are in opposition to each other.

The first speaker for the affirmative, Professor Fredrick K. Evans of the Evans, was the first to present his arguments for the affirmative side, and he declared that religion and science are in opposition to each other.

On the other hand, the beliefs and the beliefs of the two sides are in opposition to each other. He felt that it was a case of investigation as opposed to faith, giving as an example the way of Jones and the ways of the others. He also declared that in this case, science and religion are in opposition to each other.

In his closing arguments, the speaker discussed the way of the two sides and how they are in opposition to each other.
