Eleventh Dance To Jones Music At Prom

Tabled Issue of THE TECH Appears Originally At I F. C. Dance

Two Thousand Filled Room For Each Fraternity Hotel Provides Regular Table Service; Lounge Bar Open Also

More than five hundred couples danced to the music of Burma Zion and his orchestra last Friday night at the annual Interfraternity Conferences Dance held at the Hotel Statler. Henry Hey, '36, Theta Chi, Hal L. Bemis, '35, Sigma Chi, and John E. Orchard, '35, Sigma Alpha Epsilon Dance held at the Hotel Statler.

Judging by comparative scores, it appears likely that MIT men lost most of the swimming team, won the 200-yd. dash, had a close fight in the 100-yard freestyle and relay, and the Lounge Bar was open for business.

New England Intercollegiate Swimming Meet

In their final meet of the year last night, the Tech swimming men had another hard battle with Bowdoin College, but with much less success than in previous years. The meeting was held at the Imperial Ballroom of the Hotel Statler. Misses Hamilton and Legs. Misses Hamilton and Legs.

For this reason, the book is expected to be larger than usual. Colored inks will be used. The seniors will have their photographs taken for their permanent records. The seniors will have their photographs taken for their permanent records.

The fraternities probably will have their photographs taken for their permanent records. The seniors will have their photographs taken for their permanent records.

The committee has announced that the final meeting will be held on March 23. The committee has announced that the final meeting will be held on March 23.

Prom Invitations Available Today

Formal dances are to be held on March 5 and 10. The committee has announced that the final meeting will be held on March 23.

Cement Research

Cement Which Was Developed As A Result Employed Special Invention by the University of California

Carlson Has Designed Other Measuring Instruments Used

University of California Professors Assisted Work

Professor Roy W. Carlson, head of the Department of Civil Engineering and his colleagues, were awarded the Warren medal for the most meritorious paper presented before the American Concrete Institute during 1934, at the Institution's annual meeting in New York.

The paper described investigations in the field of mechanical and electrical properties of concrete, and established the need for the development of specific resistances in concrete at the time of placement and in the hardened state. The paper described investigations in the field of mechanical and electrical properties of concrete, and established the need for the development of specific resistances in concrete at the time of placement and in the hardened state.

Dr. Carlson has designed other measuring instruments used in the laboratory, and is well known for his research in structural materials for large dams and for the development of test methods for obtaining information on the effect of temperature and time on the mechanical properties of concrete.
