part altogether too well. But we were impressed by the capable way in which the men—or maybe it was the moon—was shifted around and brightening at the correct time, by frowning at just the right moments to bed. Which she did. In addition, the burly sea captain could not be mistaken. He knew we were the strangers, and we couldn’t convince him otherwise. But we’re sure he’ll keep the secret. And we’ll like him to drop in on us some time down at the office. Perhaps he can give us some more advice.

We predict that Denise Durl, daughter of grad student George J. Bair, playing the part of Mary, two year old daughter of the principal character of grad student George J. Bair, will undoubtedly produce unusual results. Listen for it when you attend Beyond the Horizon.

Menorah Dance

(Continued from Page 2)

The Class of ’36 has maintained its phlegmatic attitude of indifference to class functions since its induction into the Institute in the Fall of 1932. It is true that the class entered during the lowest year of the depression and that the psychological consequences of its historical background excuse, to some extent, its poor show of spirit during earlier years. But there can be no excuse for the continuance of this group of interiority complex.

THE FIRST CHURCH OF CHRIST, SCIENTIST

The tax-exempt status of the churches has been the subject of considerable controversy in recent years. Many churches have argued that they are not for profit and therefore should not be taxed. However, the Internal Revenue Service has maintained that churches are for profit and therefore must pay taxes.

The meeting was attended by a large number of church members who were interested in the issue.
