THE STUDY OF THE HUMANITIES, OR HUMANITY, MAY BE DEFINED IN GENERAL AS EVERY SYSTEM OF THOUGHT OR ACTION IN WHICH MAN, HIS INTERESTS, AND HIS THOUGHTS ON THE NATURAL OR SOCIAL WORLD, OR BOTH, ARE CONSIDERED. A LIPPMANN HAS SAID "HUMANISM TAKES AS ITS POSTULATE THE UNIVERSALITY OF MAN AS AN INDIVIDUAL, NOT DIVIDED FROM HUMANITY AS A WHOLE, AND THIS TO A PROBABLE SUCCESS WITHIN THE NEXT FIFTY YEARS."

It follows that the engineering school must succeed in elevating and improving the technical education of the student, for only then will benefit best understand the student, providing him with an education which is more productive of success and thus to more problems of life. Instruction in the humanities will make the student more capable of understanding the entire store of knowledge to all active students during his four short years of higher.
