The Tech, Nine Years Ago, Describes First T.C.A. Freshman Camp

Eighty Attend Camp Massapoag For Preview of Life At Institute

Editors Note: This story is taken from the September 27, 1926 issue of The Tech, and describes the scenes at the first Freshman Camp—held that year.

A group of eighty freshmen, activity leaders, and faculty members left Walker Memorial, Friday afternoon (September 22, 1926) about 9 o'clock for the Cambridge Y.M.C.A. camp at Lake Massapoag for the first freshman put-together camp in the history of Technology.

Traveling in busses, they arrived at the camp about 4:30 o'clock, and many immediately refreshed themselves from the journey with a swim in the lake. After supper several announcements were made regarding the procedure at the camp, and at 8 o'clock the group assembled for the Cambridge Y.M.C.A. Smoker.

At 10:45 o'clock Entering students, including trans-at Massapoag, When the Smoker closes with the singing of the Stein Song, the Class of 1929—a few hours before only an un-united assemblage will leave as a body bound together by all the ties and traditions of Technology.

All Tech Smoker (Continued from Page 1)

Entertaining students, including trans-at Massapoag, the Smoker will attempt to give them the introduction to Technology which their classmates secured at Massapoag. When the Smoker closes with the singing of the Stein Song, the Class of 1929—will leave as a body bound together by all the ties and traditions of Technology.

FRESHMEN

When you are hungry your own Dining Halls can give you everything from soup to nuts.

Coach Will Meet Frosh Candidates

Freshman Cross Country Practice To Start On Monday September 29

All freshmen interested in going out for track and field events are to report to Coaches Heiland and Bowles at the Track House next Monday or Tuesday afternoon. Freshman Cross Country practice starts on September 30, and it is necessary that all candidates come out early and start building themselves up for the competition which they will face later in the season. Freshman track men are given ample opportunity to compete during the school year. Every Saturday afternoon Inter-class handicap races are held, and at larger intervals during the season, Tech Fresh are given opportunity to show their mettle against other schools.

Annual Seph-Fresh Relay

The big event of the Fall is the Freshman and Sophomore Relay race, held on Field Day, November 1. This event is an annual custom at Tech and is featured every Field Day.

You'll Like Camel's Mildness Too.

Your own physical condition—your wind... your energy...the go and get-up of your system—is important to you. So remember this about smoking: it is a fact that Camels are made from costlier tobaccos. They are so mild you can smoke all you want. Ahhh! says Camel never get their wind or throw their nerves off key.

CAMEL

LOU GEMBO says of Camel: "I like their mildness. They never interfere with my wind or my pitching sneeze. When I feel tired after a game, I get a 'lift' with a Camel!"

CAMEL

COSTLIER TOBACCOS!

Camels are made from finer, MORE EXPENSIVE TOBACCOS—Turkish and Domestic—than any other popular brand.

ATHLETES SAY: 

"THEY DON'T GET YOUR WIND"

JOSEPHINE MCKID, Olympic champion swimmer, "One of my best and last odds is connection with smoking," she says, "is that I always choose a Camel. Camels are such a mild cigarette. I can smoke them calmly, and they don't interfere with my physical condition. They never bother my wind. I'll walk a mile for a Camel!"

GONE SABINE: "It's important to me that Camels are milder. Extra millions are spent for the according because Camels. They never get my wind or upset my nerves."

LESTER STODD, U. S. veteran doubles champion, "No matter how sensitive I smoke, Camels are so mild that they never get my wind. And Camels have a better flavor."
