Musical Clubs Will Organize Tonight
Officers And Managers Will Be Determined At Meeting, Room 2-509

Oswald Villard Is First Speaker For Tech Union
In Editor And Owner Of "The Nation," And Eminent Journalist

Meeting Is Held Tonight At 8 In Eastman Lecture Hall
Organization Instituted Last Year By Prof. Schell of Theodore Smith

Oswald Villard, Editor of The Nation for fifteen years before he became its owner, is here for the opening meeting of the Tech Union tonight at 8 o'clock in Eastman Lecture Hall, on the subject "Hillman's Germany." The meeting, which will be the first of a series of discussions,-open in open is to be conducted today.

The Tech Union, which sponsors this speaker and will sponsor others to follow, is associated last year through the efforts of Mr. Theodore Smith of the English department. Its purpose is to promote "social and political awareness" as advocated by President Compton of the Institute.

Membership in the Union is not restricted and each member is invited to bring the general policy of the principal speakers.

The type of discussion—very popular last year and the topic for discussion is "nationalization of student work." committees of six students this year (Continued on Page 2)

Teck Union Meeting

BERNSTEIN, chemical engineering; ROBERT C. BOYD, chemical engineering; JOHN E. CARTER, chemical engineering; LEONARD R. COPELAND, chemical engineering; ALLEN C. CRABB, chemical engineering; JOHN T. GRAND, chemical engineering; HAROLD B. HALL, chemical engineering; RALPH W. HEISTAND, chemical engineering; ROBERT E. HERR, chemical engineering; GEORGE A. HICKS, chemical engineering; WALTER H. HINDS, chemical engineering; JOHN H. HOLLAND, chemical engineering; EDWARD F. JONES, chemical engineering; ROBERT A. KEMBLE, chemical engineering; GEORGE A. KELLY, chemical engineering; THOMAS V. KELLY, chemical engineering; JOHN H. KING, chemical engineering; WALTER L. KOHL, chemical engineering; JAMES A. NEWBURY, chemical engineering; EDWARD W. PAGE, chemical engineering; COLEMAN J. POLK, chemical engineering; FRANK E. PORTER, chemical engineering; EDMUND H. POWELL, chemical engineering; GEOFFREY P. RUSSELL, chemical engineering; LEONARD W. SAVAGE, chemical engineering; THOMAS J. SULLIVAN, chemical engineering; GEORGE A. THOMPSON, chemical engineering; EARL W. TICE, chemical engineering; WILLIAM F. UEHLKE, chemical engineering; ANDREW C. VEAL, chemical engineering; OLMER P. WHEELER, chemical engineering; EDWIN W. WILES, chemical engineering; FRANK W. WYATT, chemical engineering; ROBERT W. ZIMMER, chemical engineering.

Annual Sophomore-Freshman Routs Start in Dorms; Rooms Are Stacked

Chaos brews enough to attain an entrance.

The dormitory floors, the well-warranted group of freshmen that finally reached their rooms, and immediately prepared to be batty with their experiences. Freshmen seemed to swear about such points that they will be the object of the eyes at any expenses of the comradely jokes.

Confusion reigns supreme in the dormitories as the incoming group of freshmen begins to make themselves known to the dormitories. The dormitory rooms were flooded with people and were greeted with great enthusiasm, especially towards the freshmen who were the main attraction of the evening.

It was a picture of excitement at the dormitory doors, everyone being greeted with great enthusiasm.

WATER! Water bubble, water, is the great idea of the evening. Water poured down from the roof onto the people and spanned the two main entrance doors of the dormitory.

The dormitory scene was quite frame, there was no chance to accompany a tour at the last minute.

The dormitory scene was quite frame, there was no chance to accompany a tour at the last minute.
