Infirmary List 

Paul Schneider, '39; Dean Vanderhoof, '39, Brooks Hospital; and W. W. Wheeler, '39. 

CAL the Tech 

THE TECH Inquiries 

(Continued from Page 1) 

Jonathan D. Cobb, '37, 517 Court St., Dedham: 

"The Coop certainly is a profit-making enterprise. I believe that it takes unfair advantage of the fact that it is the only convenient place where we can get our supplies, because I know of experience that I can get the same goods much cheaper elsewhere." 

Abraham B. Levine, '29, 109 General Ave., Dorchester: 

"Who ever heard of the Coop anyway?" 

John A. Berson, '31, 26 Burrows St., Dedham: 

"Since I have never been too terribly "roasted" at the Coop I cannot answer in the affirmative although I know that books and materials, in many cases, can be obtained cheaper elsewhere." 

"Apple-polishing" is the reason girls get better grades than men, one family member of the Texas Techni-cal College believes. 

Debating Club Plans Season's Program At First Supper Meeting 

Vacancy On Executive Council Filled By Election Of Harold James, '37 

Harold James, '37, was elected a member of the executive council of the Debating Society at the first supper meeting held Wednesday night in the Parlor Room at Walker Memorial. 

The election was occasioned by the resignation of Richard G. Vinton, Jr., '37. At the same evening新鲜ers were contacted and plans for the coming year were announced. It was decided that meetings be held every other Thursday afternoon from five to six, and that they be devoted to informal debates, discourses, and general bull sessions. 

Tryouts to be Instituted 

Paul Vogel, '37, president of the organization, gave a short talk to the freshmen present on the standards of the club and the requirements for ad missions. He announced that a system of tryouts would be instituted, the first stage of which would be to try on each side of the question—Resolution: That a liberal arts education is superior to an engineering education; Resolution: That Italy's aggressive actions is ethically justified. These talks will be given on Tuesday afternoon, October 21. Any student, fresh man or upperclassman, who was not present at the meeting but would like to join the society should get in touch with Paul Vogel, '37, at 24 Province Street, from whom he will receive all pertinent information. 

The new term, sixteen weeks ago considered to be fit, for consumption by humans and cattle, has today been intensively developed that Prof. G. L. School of the University of Tulsa believes that it will eventually replace 15 to 20 per cent of the wheat consumed in the world—Arthur Rich talks. 

Liquors 

Choice Wines and Liquors 

Domestic and Imported 

CentraL Distributing Company 

At 41 Hanover Street, corner Commonwealth Street, Boston. 

JAMESEAGAN, Olympic/Decaulum Champion, says: "I've been a Camel smoker for years. Camels are so mild they don't get my wind or cut down my speed. And Camel is a better-cutting cigarette; always rich, smooth, and mellow." 

JENNIE ROONEY, famous circus artist, says: "Camels, being so mild, do not upset my nerves or get my wind. And Camels never give me any throat irritation." 

Including your cigarettes ... 

WILLIE MACFARlane, former featherweight Open Champion, adds: "Camels are mild. They don't upset me and make my nerves jumpy. I'll walk a mile for a Camel!"

YOU'LL LIKE THEIR MILDNESS TOO 

CHAMPIONS APPROVE Camel's mildness. Consider what this means. Healthy lungs—physical fitness—sound wind—help to make the men more successful in your business. Enjoy Camels' mildness—smoke till you wish. For address have found that Camels don't get their wind ... or jangle their nerves.

"THEY DON'T GET YOUR WIND"
