M.I.T. Branch A.S.L. To Meet Next Tuesday

The first regular meeting of the Technology Branch of the American Student Union will be held Tuesday at 4 P. M. in room 4-270. At that time an address on the recent National Organizational Convention of the Union will be given by Miss Colene Stack, a member of the national executive committee. Miss Stack, a Phi Beta Kappa graduate of the U. of Cal., was formerly the champion woman debater of the United States and is recognized throughout the country as a lecturer of the first rank.

THE TECH

Speed! Thrills!

This is what Tech students and faculty members will be doing on the All-Technology Snow Train excursion a week from next Sunday.

Snow Train

(Continued from Page 1)

strenuous exercises can make use of the facilities of the club house. Conditions around Hinsdale were pronounced as excellent for open slope skiing, and snowshoeing, by Thomas Klaricke, head of the Tech Ski Club. "The committee could hardly have chosen a better place for the trip," he stated last night. Some of the faculty members are known to be ardent skiers, among them Professor Hauser, Deltaj, and the Ski Club, while students and faculty members who qualify in the upper class of enthusiasts, are planning to give demonstrations of some of the tricks of the art, during the afternoon.

Sign-up Arrangements Made

Signups for the party started yesterday at the Faculty Club and the Alumni Council Student Union will be held Tuesday, February 24, and a combined meeting of the Faculty Club and the Alumni Council on February 25.
