WE STILL MAINTAIN POLICY OF THE TECH

R ecent comments expressing the concern that the campus of late is to the extent that the Tech has made a decided change in general policy toward its activities and the discussion and dis-

eration of news. The Dorm Runner, news organ of the Dormitories, has been partic-
ularly active in its stand. While the Tech, however, its writers are not always well ac-
quired with the facts at hand and their statements are quite wrong. In this is that the Tech "backs down," and lauds "experience and gen-

good sense" were not founded on truth.

Because many of these rumors are not based on facts, it will be difficult to counteract them at this time. It is inevitable that the Tech will make mistakes, but, after all, depar-

tments, a committee should realize that The-

Tech guarantees to its readers con-

scientious coverage of all news of the Institute and outside the dorms. The Tech is greatly in-

terest to us here. In its editorial column it prom-

ounces to comment on the news and give, as

far as it is able, a reasonable interpretation of the facts. The Tech does not agree to support nor to

To the Editor of the Tech:

The Dormitory newspaper has made

a little progress; there are now five editors, though the

 primaries are not for it because it would, to

openly accept that The Tech has done something disgraceful. It has

neither endorsement of the opinion of the majority

of the average American student of

doing nothing disgraceful, but--
