The number of options offered for sale this year will be limited to encourage early purchase. The price of the tickets for those not buying options will be $46.60, an increase of 75 cents. The total number of total tickets sold will also be limited to 500. The committee, therefore, have not been allotted a number of options to be placed on sale tonight. Each fraternity as well as the dorms will have one or more tables reserved. The committee has arranged for a greater number of tickets than were available last year.

In the Office Of Open House
After the success of the I. F. C. dance last year, principally initiated by Jack Orchard, last year's dance chairman, this year's committee feels that the dance will be more successful in every way, especially since it comes in conjunction with Open House.

The committee in charge is comprised of David E. Heaney, '36, dance chairman; Edward B. Hamlin, '36, House Manager; William W. Smith, '36, General Manager; John T. D. Gordon, '36; Alfred E. Useful, '37, and William McCrory, '37.

Dramashop

money in a gambling game, realises his opportunity, and carries on with the mission intrepidly. As a result he is enabled to live in the inn for the duration of his stay without paying bills.

Moreover, the clerk, Ivan T. Blestakoff, becomes engaged to marry the hotel's daughter. Realising, although everything seems to be going well, that he must leave while he can still get away, he pretends he must leave and go to Moscow to see his family.

Just as the mayor is reviewing congratulations on his success in banding the government inspector, and the people are rejoicing at the good report that will be sent to the government, word is received that the Inspector-General has arrived and desires to see the town officials. The certain failure of any sense of general consternation.

The large cast includes over half of the members of Dramashop. The chief furnishings made or elected generally connected with the play among the costumes, taking care of the lighting, makeup, scenic design, and set construction.
