In the northeast corner of the Main Library at 3:30 p.m. yesterday afternoon, a large number of people gathered in the Library to attend the annual Father-Son Banquet. The banquet was held in the Library, and the guest of honor was Professor Andrew A. Merritt, who is the father of the author of this article.

The banquet was presided over by President T. C. A. Wilson, who welcomed the guests and introduced the speakers for the evening. The speakers included Dr. Louis W. Croke, Dr. John B. Cottle, and Dr. Alphonse N. Kurtz, who are all members of the faculty of the Institute.

The banquet was a success, and the guests enjoyed the speeches and the food.

Alexander Macomber To Lead Academic Procession Again

Sixty-Ninth Commencement To Be Held On June 9th In Symphony Hall

The Hon. Newton D. Baker will make the commencement address at the sixty-ninth commencement exercises of the Institute, June 9, it was announced Sunday. Mr. Baker was Secretary of War during the administration of President Wilson, and is a nationally known lawyer. The graduation exercises will be held in Symphony Hall.

Mr. Macomber will again lead the academic procession on commencement day. The officers of the class of 1925, David S. Stimson, M. D., of Washington, D. C., were chosen as captain; L. M. O. D.шир, of Worcester, Mass., was chosen as lieutenant; and R. C. W. Miller, of Newton, Mass., was chosen as ensign.

First Prize Awarded Tech Man By A.S.M.E.

Leo Simmons, '36, Is Honored At Society's Convention

Leo Simmons, '36, was awarded first prize on his paper "Back in Wire Engagement," presented at the thirty-sixth annual convention of the American Society of Mechanical Engineers held at Boston, Mass., last week.

Mr. Simmons, who is a junior in mechanical engineering, is the son of Mr. and Mrs. W. R. Simmons of Newton, Mass.

Mr. Simmons presented the paper at the convention and was awarded first prize for his work.

His paper dealt with the history of wire engagement and its importance in the field of mechanical engineering.

Technology Graduate

Buick Chief Engineer

Charles A. Chayney, '19, Served

On Institute Faculty

The appointment of Charles A. Chayney, '19, as chief engineer of the Buick Company, was recently announced.

Mr. Chayney was graduated from the Institute in 1919 with a degree in mechanical engineering. He was employed at the Buick Company as a member of the staff in the department of mechanical engineering at the time.

Mr. Chayney is an active member of the Institute, and is a member of the Junior Class of 1923. He is a member of the American Society of Mechanical Engineers, and is a member of the Institute of Electrical and Musical Engineers.
