What's going on here
...what's happening in these 40 houses

- the curing and ageing of leaf tobacco, that's what's going on.

Thousands of hogheads of mild ripe tobacco are under these roofs—just lying here ageing and sweetening and mellowing for Chesterfield cigarettes.

Like Rip Van Winkle, they sleep—the tobacco getting mellower and milder for the cigarette that Satisfies.

New York
Model and the Washington Medal of the Western Society of Engineers.
Reviews Institute History
Dr. Compton has consented to present a brief review of the history of the Institute, and to tell some of the plans for the future.
