SPORTS COMMENT

It was expected that Henry Gierke would do well at the New England Intercollegiates on Saturday, but his last time in winning the mile event was last April. Not only did Henry break the Institute record for the mile, but in doing so he stepped off the fastest mile in New England history. It was only May last that Matt Jenkins set up a 4:15.1 mark for the mile, and then on Saturday, Gierke went out and almost broke Matt’s record. It was a most successful in the distance events, as normally Gierke’s performance is quite a standard.

The failure of Stan Johnson to top first place in his favorite event, the broad jump, was the highlight of track followers throughout New England. Stan was a universal choice to leap his way to points, but sports fans without a sports Without a doubt, Stan has gone out in a greater distance than the mark with which he [removed] from Brown the event on Saturday, as we’re willing to agree that Saturday was an off day for the Tech track team. We are all rooting for him to keep on and break the Institute’s records.

Just in passing, we would like to add a few words to those appearing elsewhere in this letter, regarding the untimely death of Bill Shuttleworth. Always loyal to his class, Shuttleworth not only was an officer of his class, but also a standout. Although our memory may be playing tricks with us, it seems to us that we refer to is Charles W. Smith. He was one of the starting tackles in both his freshman and sophomore years.

We would like to add today that student we refer to is Charles W. Smith.

Rugby

The Sophomores of Course It in connection with the faculty of the department held a picnic last Friday at the Assabet Club near Stow, Massachusetts. The group had the complete facilities of the club for the day, which included golf, tennis, horseshoes, swimming and baseball.

A softball game in the afternoon between the faculty and the students was a source of interest to both the participants and spectators. Professor Charles J. Silfver was the mainstay of the faculty team, getting a hit each time at bat and handling the bases efficiently.

Friday evening meetings at 7.30, which include testimonies of Christian Science, Sunday Services 10.45 a.m. and 7.30 p.m. authorized and approved.

The Tech

From Gas to Gaskets...

THE MODERN philosopher's tone has a good boner to it. No one ever searched for a way to make gold quite as thoroughly as the chemist does. No one ever searched for a way to make gold quite as thoroughly as the chemist does. No one ever searched for a way to make gold quite as thoroughly as the chemist does. No one ever searched for a way to make gold quite as thoroughly as the chemist does.

The search for "home-grown" rubber...

Chuck Hornbostel To Be Speaker At Dinner

The Tonight the Tech’s Track squad will have Chuck Hornbostel as its principle speaker at the track dinner to be held in Walter Memorial. Hornbostel is the famous middle-distance runner of the University of California. He has recently graduated from the University, and while there he held many world records.

Chuck Hornbostel was on the 1935 Olympic Track Team. He held the World’s indoor record for the 600 yard run. On February 2, 1933, he established a new world record in the 600-yard event with the time of 1:15.8. He was also voted the outstanding athlete at the Mizzou A. A. Games in 1931 and 1932.

This event constitutes the Institute track season. After the dinner speeches and other awards will be given out. The captain of next year’s team will also be elected.
