Wrestling Practice
To Start On Monday

Varsity Prospects Said To Be Very Good This Year

Varsity wrestling will get under way Monday at five o'clock in Hangar Gym. Coach Jay Ricks will not attempt to form a team at this point but will merely get a line on material for the coming year.

Prospects are better this season than ever before, with Stan Stoodman, El Bathtolborn, Zevie Wedd, Mike Cetu, Gus Strom, and El Kettleau returning from last year's varsity. El Powers, A. J. Powers, George Lauter, and Gus Strom, and Ed Brittenham will merely get a line on material to form a team at this point, but will return against the coming year.

Varsity and freshmen wrestlers will run up against strong opposition when they meet Harvard at Harvard tomorrow at 12:00 P. M. The Crimson team is fresh from victories over Amherst and Brown.

For the past two years Harvard has held Tech in the low end of the score, but, with the Engineer's heightend practice periods and an increase in the size of the squad, Technology wrestlers have a better chance than ever before.

The Engineers' soccer team opened its season impressively last Saturday by defeating the visitors from Bridge water Teacher's College by a score of 4-1. Alex Lauber, '37, scored the first goal of the game during the second period, but neither team was able to gain another goal of the game during the second period, but neither team was able to gain another.

Bridge water evened the tally by scoring one and Laker two more goals to bring the scoring to a close.

Frosh Football Team
Defeated By Harvard

Fighting furiously, the freshman football team lost yesterday to the Winthrop House of Harvard by a close score of 6-0. The score came in the first quarter when a Harvard back ran the ball back on a kick. On the other side of the fence, the Tech runners have had only two weeks. The Engineers' lengthened practice periods and an increase in the size of the squad, Technology runners have a better chance than ever before.

For their second opponents this season, Coach Oscar Hedlund's cross-country runners will meet Mass. State at Ambrose tomorrow at 2 o'clock. Oscar has hopes of a victory for the Engineers, and says that the only setback will be the Tech runners' unfamiliarity with the Ambrose course.

This obstacle Coach Hedlund hopes to overcome by arriving at the course early and walking his men over it thoroughly familiarizing them with the terrain.
