Politics, like religion, hold up torches of

There is no more perfect endowment in man

Politics is a deleterious profession, like some ence. 5 P. M., for the purpose of intervieivrw

Harvard-Technology Chemical Club Holds Organization Meeting
Professor B. F. Jacobsen And Prof. H. D. B. '42 Address Group
The first regular meeting of the Harvard-Technology Chemical Club for the year 1936-1937 was held last Thursday evening, October 23, in Prof. H. D. B. '42's lecture room, 3232
He has been the subject of considerable interest during the past season. His name has been
several lectures on the subject of catalysis, and has recently published some important
articles on the subject.

Now officers for the coming year were elected at this meeting. The officers elected were:
President- Prof. B. F. Jacobsen; Secretary- Prof. H. D. B. '42; Treasurer- Prof. H. D. B. '42.

The meeting was well attended, and the officers are looking forward to an active and
successful year for the club.
