Field Day (Continued from Page 1)

Coach Helfand predicts that the experiences of the upperclassmen will grace the winning factors. The sophomores have shown the sophomores how to run the one-mile race, and their second place was a true indication of how they will perform in the future. The freshmen have shown that they can hold their own in the relay, and their third place was a testament to their potential. The upperclassmen have shown that they can be successful in the football game, and their first place was a true indication of their strength. The football game, the relay, and the tug-of-war will all be held at 11 a.m. Field Day will begin with a parade of the freshmen, followed by speeches from the Alpha Phi Omega, the football captains, and the President of the Student Body. The freshmen will then be divided into four groups, and each group will be responsible for a specific task. The first group will be responsible for the football game, the second for the relay, the third for the tug-of-war, and the fourth for the parade. The Alpha Phi Omega will be responsible for the speeches, and the football captains will be responsible for the football game. The President of the Student Body will be responsible for the overall coordination of the day.
