the absence of a donor, the money would come probably from almost any source. Since sufficient pledges for several of the projects, each as large as the wind tunnel have been obtained, their construction is speeded. Dr. Compton concluded by saying that there was no question as to whether the athletic committee would be a success; but, as an example of what could be accomplished by propaganda on the part of any individual, he pointed out that a gym with 99 on the waiting list for lockers. He pointed out that a gym, he said, would include an indoor track, a large gym floor for basketball, rooms for dressing and wrestling, rooms for meetings and conferences, such as the A.A. head-quarter; and it would also free the track house considerably, making room for more lockers which are urgently needed. He mentioned that there was a local group of aviation enthusiasts interested in the construction of a flying field on campus. The engineering students have been working on the site for some time; and Mr. Haven, chairman of the Tatnall committee, who is an internationally known expert on latex and rubber, has promised to assist in the construction of the wind tunnel. Dr. Hauser, who is an internationally known expert on latex and rubber, has promised to assist in the construction of the wind tunnel. NO PENALTIES FOR THREATS!

It's a Light Smoke!

Guard that throat!

Block that cough...that raw irritation...reach for a light smoke...a Lucky! Whencever you’re shouting, and cheering the team, or just talking and singing and laughing at home, there’s a tax on your throat you can hardly ignore. So when the urge comes to smoke...a Lucky...and get the welcome throat protection that only Luckies offer—the exclusive protection of the process, "It’s Toasted." Next time you go out, take plenty of Luckies. They not only taste good, but keep tasting good all day long...for Luckies are a light smoke — and a light smoke leaves a clear throat—a clean taste.
