In an effort to get material for the track team, the usual Interclass Meet will be held Saturday, Nov. 14, on Tech field. All four classes are expected to have sufficient material and supervision will be determined on a point basis.

Evidently there has been an effort to enter as many as possible at the last#####r out before spring. Awards as made by the Tech track and field committee of the A. L. A. for all first and second places for all other places.

There will be fifteen track and field events: the 100 and 220 yard sprints, the quarter, the half and mile runs; the 100 yard high hurdles and the 220 yard low hurdles; the hammer throw, broad jump, high jump, pole vault, discus throw, javelin throw, and the shot put.

Coach Hoadley hopes to get sufficient additional material from the freshman and varsity track squad as well as from other classes when competition starts.

Hockey Gets Started
With Good Prospects
Freshman Team Begins Work
The hockey team with three practices in two days has been well manned. With thirty-five candidates out, five are likely to be chosen from where the best material is available.

The only position about which there was any doubt of filling at the beginning of the season, was the goalie position. However, with four men out for the position and with the cup in sight, the necessary material was quickly filled.

The five members of last year's varsity who are returning are: Captain Mortimer, Albert, Cohen, Cook, and Miss....

The morning upon which the team will practice has not been definitely mentioned, but it is thought that the team will be able to take the floor beginning about the last week of the first week in January.

The afternoon practices will be held positively on Thursday and Friday, December 3 and 4. Winners in the four rounds may be played off in time to hold the finals a week from this Sunday morning.

The SpringField College freshman team gave the Technology a 2 to 0 licking Saturday.

SpringField Boots a Freshman 2-0

The freshman offensive was not so good as the freshman defense. Springfield scored both its goals in the first quarter. For the rest of the game the Beaver defense kept the ball out of its goal.

Undergraduate Notices
Sign-up sheets are ready for those interested in squash, either Varsity Junior Varsity or Faculty. Sign-ups are made with Mr. Moulster at the Squash Courts.

The freshman graduated leaves a wide berth to the new fencers. The freshmen also show an in-
